## WELCOM TO THE BYOB FIRM

Thelma Anderson is both a savvy Business and Entertainment Attorney and a successful serial entrepreneur with over eight years of experience. Inspired by her passion for helping entrepreneurs, Ms. Anderson created THE BYOB FIRM to provide cost-effective business and legal resources that assist entrepreneurs in legally launching and expanding their businesses. She also focuses on educating them on asset protection.

## ABOUT THELMA

Thelma Anderson is a dynamic Business Lawyer with over eight years of experience in the legal field. A proud two-time HBCU graduate, Thelma earned her undergraduate degree from Southern University A&M College, a Master's in Public Administration from the University of Texas at Arlington, and her law degree from Thurgood Marshall School of Law.

During her second year of law school, Thelma faced a traumatic event when she was sexually assaulted by a classmate. This experience ignited a fire within her to fight for justice and protect victims. As a prosecutor, she dedicated her career to equalizing the justice system and tried over 50 criminal and civil cases. This journey laid the foundation for her transition into entrepreneurship, where she founded the successful Tell A Lawyer Consulting Group. Thelma's firm now represents a diverse clientele, including business owners, entertainers, influencers, athletes, and artists, showcasing her versatility and passion for innovation.

Thelma's innovative spirit led her to patent a foldable footwear design and legal technology. Her footwear invention marks her as a trailblazing designer in the industry, and her legal tech patent is poised to revolutionize the legal profession for years to come. Her entrepreneurial journey didn't stop there; she went on to establish three thriving businesses, which inspired her to create the "BYOB" (Build Your Own Business) Academy and Hybrid Business Consulting Firm, empowering entrepreneurs to build and manage their own ventures.

Expanding her horizons, Thelma recently ventured into television, developing two shows currently being vetted by major networks, with more projects in the pipeline. She now assists entrepreneurs in the television industry by not only helping them form and protect their businesses but also developing pitch decks for both scripted and unscripted shows, ensuring they are pitch ready.

Outside of her professional achievements, Thelma cherishes her role as a devoted aunt to her twin seven-year-old nieces, having stepped up after the loss of her sister in 2018. This deep love and dedication to family underscore her personal values and commitment.

Thelma's resilience and unwavering faith in God's purpose have guided her through every challenge, allowing her to overcome her traumas and live out her mission of helping entrepreneurs form, protect, and grow their businesses.
